Silent Thunder™: A-10 Tank Killer® II

Swoop down in the indestructible A-10 Thunderbolt II and dive into 3 fast-paced campaigns. Fly 24 action-packed missions that take you from the Persian Gulf to North Korea and Central America. Blast anything, and anyone, that isn't on your side. All in the name of world peace, of course.

Silent Thunder features the latest generation in flight simulation, with ultra-realistic texture-mapped terrain and highly-detailed 3-D graphics. You also get unlimited camera viewpoints to take in all the action. And Silent Thunder's electrifying soundtrack and amazing sound effects will keep you on the edge of your seat through every tank-busting mission!

Arm the A-10 Thunderbolt with 14 weapons, including the lethal GAU-8A "Avenger" gun.

INCREDIBLE AERIAL COMBAT REALISM

Silent Thunder gives you over 84,000 square miles of richly-rendered topography in three distinct parts of the world. Try to appreciate the scenery as you blast over it in your ground-hugging A-10 Thunderbolt II. Plus, you get full Campaign Continuity, so events make sense on every mission. Blow up a bridge on one mission, and it stays blown up. Take out a radar station, and it will still be a burned-out ruin the next time you fly by. You can even customize your weaponry based on the mission briefing and intelligence reports you receive before you take-off.

Fly 24 missions over 84,000 square miles of incredible texture-mapped terrain.

Front Page Sports®: Baseball PRO '96™

Sierra's physics-based game play produces realistic action.

Front Page Sports and Sierra, the same people who brought you the critically acclaimed *Baseball '94* (still recognized as the best baseball game available), will soon release All-New *Baseball Pro '96*. And you can reserve your copy now. Plus, if you reserve your copy before June 30, we'll give you the Special Reserved Copy Price of just $44.95. That's $10 off the regular Sierra Direct price!

An incredible simulation of real baseball, not just statistics.

At the heart of *Baseball Pro '96* are all the variables that affect real baseball action. Ball flight isn't scripted, it's based on real physics: spin, point of contact, launch-angle, wind, weather and altitude. New features include high-resolution 3-D graphics and improved speed, strategy and playability. The *Baseball Pro '96* designers used high-speed workstations to bring real-world big-league action to the PC. The result is so lifelike, you'll no longer wonder what Randy Johnson's 98 mph 'Mister Snappy' looks like to left-handed hitters – just step in the box and see for yourself!

The incredible Camera Angle Management System (CAMS) lets you watch the action from anywhere in the stadium, from the owners box to the dugout, or anywhere on the field. And the action includes all 28 big-league ballparks, so you get a first-hand opportunity to see Cleveland's Jacobs Field, or to try to spank a dinger off the warehouse outside Camden Yards.

The CAMS system lets you view and replay the action from any angle.

In *Baseball Pro '96*, you can play the part of the GM, manage the club from the dugout, or put yourself in the action as a player. You can even simulate an entire season in about the time it takes two teams to play a typical extra-inning slug-fest. Every player from every big-league team is included. And *Baseball Pro '96* is the only game that lets you simulate a player's entire career, from his rookie season to the Hall of Fame.

Incredible high-resolution graphics give you a life-like view of the game.

EARTHSIEGE 2™
THE FINAL SHOWDOWN

Cybrid HERCs once did man's bidding, but they've turned on their creators and waged a 20-year guerrilla battle for control of Earth and it's distant colonies. For the Cybrids, it's victory or death. And death means nothing to a machine. With more than 50 rivet-wrenching missions, *EarthSiege 2* puts the future of humankind squarely on the shoulders of you and your fighting HERCs. Fortunately, the engineers have outfitted you with new weapons and new HERCs — including the RAZOR, an awesome new air fighter — to meet the challenge. Every HERC is fully customizable with eight classes of weaponry, including Plasma Cannons (AKA "The Cybrid Eraser") and an improved Electron Flux Weapon.

Battle deadly Cybrids on more than 50 rivet-wrenching missions.

THE MOST ADVANCED ROBOT COMBAT ACTION

EarthSiege 2 uses amazing 3-D terrain effects to create rocky hills, jagged canyons and ragged craters. Remarkable graphics and sound effects add incredible realism. Blow a leg off a Cybrid in *EarthSiege 2* and he doesn't just stand there; he staggers and crashes to the ground with an earth-shattering explosion. You say you've never heard a HERC's engine grind as it labors over a rugged hillside? Well, it's a noise you don't want to hear when you have a lethal Cybrid on your tail.

EarthSiege 2 gives you an Instant Action feature that lets you step right into battle and face immediate Cybrid challenges. But you also get full-customization and dozens of missions that make it worth coming back again and again.

UNDERSEA BATTLE, WHERE HUNTER BECOMES HUNTED

COMMAND: Aces of the Deep®

Between September 1939 and May 1945, as mankind pushed the boundaries of war beneath the seas, Germany launched more than 1,000 U-boats into combat against Allied shipping and naval forces. These deadly phantoms prowled the stormy seas, striking without warning. Soon they became targets themselves.

The Single Mission, Training and Campaign modes are so real, Computer Gaming World called it the "Simulation of the Year." Strategic elements mirror historically accurate developments, including new weapons, detection systems and countermeasures. The detailed missions highlight famous battles, ships and naval officers of WWII. Missions take you from the icy North Atlantic, to the blue waters of the Caribbean as you attempt to strangle enemy shipping and outmaneuver convoy escorts.

The All-New Gabriel Knight Mystery

A mystery that spans the ages is about to unfold... In the heart-stopping sequel to the award-winning *Sins of The Fathers*, Gabriel Knight, the last in a long line of Shadow Hunters, is dragged into the investigation of the vicious murder of a young girl in Germany. The local police blame a wolf that has escaped from the Munich Zoo, but evidence points to something much more ancient and far more terrifying: A werewolf.

"The first time we have actually experienced fear from watching a computer game"
COMPUTER GAMING WORLD

Gabriel's partner Grace Nakimura leaves New Orleans for Munich to join in the investigation. She uncovers centuries-old werewolf trials involving King Ludwig II, the Lost Wagner opera, and the Black Wolf.

Award-winning author and game designer Jane Jensen's story develops over multiple CDs with incredible photo-realistic backgrounds and a haunting musical score. The colossal multimedia production utilizes over 80 different locations and blends state-of-the-art Hollywood techniques with amazing digital effects. In this extraordinary blend of live-action technology and spine-tingling thrills, Gabriel Knight must find the real killer before it finds him.

A Masterpiece of Discovery & Deliverance

Lighthouse™

You have been summoned to the eerie, surreal dimension of the *Lighthouse*, which carries you from the world you recognize, through a shimmering portal into a new world overflowing with invention, discovery and barely-disguised evil. You've witnessed the kidnapping of a baby girl, snatched from her crib by a tall, dark, impossibly thin figure. Her haunting cries still ring in your ears. You now must follow to rescue the child and her missing father from a darkness you somehow know exists on the other side.

This finely-crafted first-person adventure of discovery and rescue takes place in a visually-striking parallel universe, created entirely in 3-D graphics and animation. The strange, alien machines you encounter seem familiar and supernatural at the same time, leaving you feeling strangely unsettled. To resolve your feelings you must master these alien inventions and solve challenging puzzles, even as they carry you deeper into a confusing world of suspense and mystery, where a dark evil lies hidden behind every craggy cliff and corner.

Alien machines and 3-D modeled characters set Lighthouse apart from all other adventure games.

Enter a surreal 3-D world of invention and discovery, where dark forces lie hidden behind every turn.

URBAN RUNNER

Urban Runner™

Better watch your back: As a crack investigative reporter you were only a half-step away from cracking a big-time corruption case. But this time you came too close to the truth. Suddenly your world has turned upside-down. A sheriff's deputy had the bad manners to turn up dead, and all fingers point at you. The cops want you for murder. But you better hope they catch you first, because a mysterious organized-crime gang is on your tail, too. And those guys are playing for keeps. Your only hope to clear your name is to collect proof of your innocence on a frantic flight through the streets of the city.

Urban Runner is the breathtaking new thriller that brings 100% real-time, full-motion interactive video to your PC. The incredible drama and suspense fill five action-packed CDs with superior SVGA graphics that truly bring the chase to life. Play two roles – Max, an American journalist, or Adda, a mysterious German ecologist – in a story that matches the best "Hitchcock" tradition.

Police Quest® SWAT™

A radical militant group has taken control of the Eastman Enterprises industrial complex. They've taken Eastman employees hostage, and they're threatening to blow up the place, hostages and all. Can your SWAT team stop this armed militia before they detonate their explosives? How can you do it without losing the human assets? Oh, by the way, the clock is ticking.

Daryl Gates, former head of LAPD and originator of the SWAT concept, takes the Police Quest series to new levels of realism with all-new action from the streets of Los Angeles. This uncompromisingly authentic tactical simulation uses sophisticated video capture techniques to show you what real SWAT officers learn as they advance from the academy to the mean streets. With sophisticated live-action video featuring real-life SWAT Teams, you'll go through training that covers all the weapons, tactics and split-second decision-making.

Once you make it to the streets, you'll put your skills to use as part of law enforcement's most elite crime fighting force. You'll face extraordinary situations as you try to resolve intense hostage situations with multiple end-game scenarios. The lives of innocent victims rely on your skill and courage in the face of incredible danger.

IndyCar® Racing II™

Incredibly realistic racing against computer-generated opponents or against a friend via modem.

Now you can race for real, in what critics are calling the "most realistic race-car simulation ever." *IndyCar Racing II* takes you on a complete circuit of 15 real-life Indy tracks. Run practice laps, qualifying, single races or a complete championship season. Thanks to a wide variety of custom options, it's easy to get into the driver's seat for a little 200 mph practice – there's even an auto shifting feature that makes the car nearly invincible. Then, as your status is upgraded, reset the options to make the game more challenging.

IndyCar Racing II gives you complete control of the variables that real-life IndyCar teams use to find the fastest race setup: You control the fuel load, you set angles on the wings and spoilers, and you tune the engine and suspension. You can even wheel your car into the paint shop for a new color scheme and custom decals!

An amazing camera system lets you follow the action from dozens of angles, including in-car shots that you see on television. Plus, you can replay the racing action at the touch of a button. And you'll want to see the action again, because the graphics and sound feature an amazing level of detail!

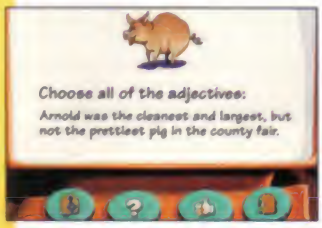
This Space-Traveling Tutor Helps Your Children Learn!

Adi's Comprehensive Learning System™

Adi's Comprehensive Learning System makes it easier than ever to make sure your children get the education they need. Featuring a space-traveling tutor named Adi, the Adi System engages your childrens' logic, problem-solving skills and creativity. Children learn from entertaining lessons in Math, Science or English using full-motion video and animated tutorials that relate to their lessons in school. After successfully mastering their lessons, children write stories or poems, produce artwork using the paintbox program, and are rewarded with challenging interactive games.

You'll find there's no better way to supplement your children's education. Just select grades 2-3 or 4-5 when ordering.

Adi's Learning System includes curriculum for grades 2-3 and grades 4-5.



CURRICULUM Lessons are organized into easy-to-use chapters and sub-chapters followed by challenging exercises.

CREATIVITY TOOLS Children express their creativity with versatile tools that include a paintbox, notepad and multimedia options.

THEATER LAB Full-motion video clips and animation are full of interesting facts that support the curriculum.

INTERACTIVE GAMES When they finish lessons, children are rewarded with fun interactive games that support their learning.

Adi's Math™

These challenging yet fun lessons emphasize basic arithmetic and calculation skills. 2nd and 3rd graders learn to measure units of money, time and temperature as they learn basic calculation skills. 4th and 5th grade children identify the quality of factors and integers and practice mixed-number multiplication as well as long division.

Adi's Math
(specify grades 2-3 or 4-5).....$42.95

Adi's Science™

Children learn to appreciate the wonder of discovery in these science lessons. 2nd and 3rd graders learn about energy sources, how things grow, and the elemental forces of magnetism and electricity. 4th and 5th graders study "inner space" by examining volcanoes and earthquakes, and outer space by studying the solar system.

Adi's Science
(specify grades 2-3 or 4-5).....$42.95

Adi's English™

Adi's hands-on approach makes it fun to learn language, writing and reading-comprehension skills. 2nd and 3rd graders practice the basic rules of sentence structure, reading, grammar and spelling. 4th and 5th graders learn to interpret plot, character and setting, thereby strengthening their reading and writing abilities.

Hook up with the big ones on five photo-realistic lakes from the pro bass fishing circuit.

Set the Hook with *Trophy Bass*™...

The most realistic fishing simulation you can get on your PC. Start by selecting one of five photo-realistic bass lakes, all known for producing real-world bucket-mouths of record proportions. Then take into account all the factors that affect real fishing: weather, season, time of day, wind speed and direction, air temperature, plus water temperature and clarity. It's all there, just like the local hotspot. And just like the local hotspot, no two days are exactly the same.

Fishing tips from tournament pros show you how to rig the right rod, select from hundreds of lures and choose fishing holes that are likely to hold some real hawgs. But hang on when you hook up, because *Trophy Bass* gives you all the features of real lip rippin' battle.

Trophy Bass is great for all skill levels: Beginners will catch fish right away, even if they don't know the difference between a rubber worm and a crank bait. And once you've mastered the basics, you can start working through the pro bass fishing circuit toward the Super Bowl of bass fishing, the BASS Masters Classic®.

Multimedia "how to" sections hosted by America's top bass pros will help your virtual fishing and your real-life angling, too.

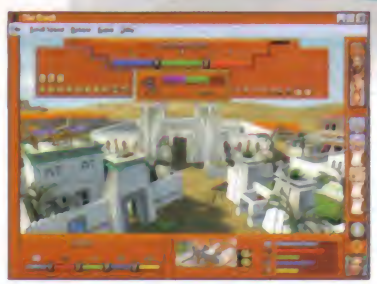
All New Multi-Player Strategy Challenge

Seize power and glory as the leader of six ancient cultures, each with a unique legacy of cultural, scientific and military achievement. Using all your strategic skills, you can restore the great civilizations of the ancient world to their former greatness.

Rich detail and multi-player capability provide new levels of strategic challenges.

The ancient dynasties of Egypt, Greece, Mesopotamia-Persia, Northern Europe, China and India are your challenges. Explore your surroundings and expand your borders. Construct cities in the architectural style of each culture. Take control of your empire's domestic and military production. Establish your rule over your flourishing civilization as you gain ultimate authority, then try to bend the rest of the world to your will.

The *Rise And Rule of Ancient Empires* is a richly detailed strategy game that was designed from the ground up for multi-player network play. The intuitive interface streamlines game play to keep turns moving at an accelerated pace. You can even complete a game in one session. The many levels of depth and detail, plus the random world generator, provide endless replay variations.



Use your strategic skills to rule flourishing empires in six unique ancient cultures.

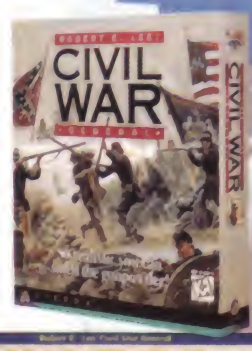
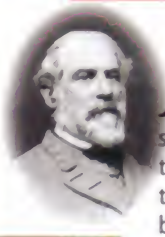
ANSWER THE CALL OF BATTLE

ROBERT E. LEE: CIVIL WAR ★ GENERAL ★™

NEW RELEASE ORDER BEFORE JUNE 30 AND SAVE $10

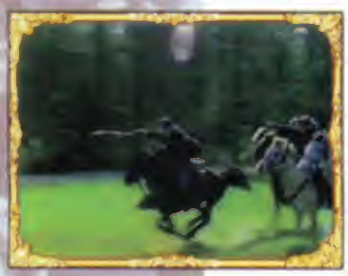




Always outmanned and outgunned, but never out-generalled, Robert E. Lee was clearly the master strategist of the American Civil War. From the time he turned back McClellan's drive toward Richmond, through one bloody battle after another, his Army of Northern Virginia withstood nearly everything the Union threw against it.

Now you can reserve your copy of the new Sierra strategy game that lets you try your hand at turning the tide in some of history's most famous battles. *Robert E. Lee: Civil War General* puts you in control of the field in seven pivotal Civil War battles. Fight them individually, or as an entire campaign against the Army of the Potomac. Or take on the role of Union generals such as "Fighting Joe" Hooker, George Meade or U.S. Grant in battles ranging from First Manassas to The Wilderness. Whether you play the Blue or the Gray, each battle starts with all the elements of each army placed exactly as they were more than 130 years ago. From there, history is in your hands.

Extensive multimedia encyclopedia helps you plan your strategy in seven historical battles.



Includes custom re-enactment footage by award-winning filmmaker Jay Wertz.

Direct individual battles or a complete campaign on either the Confederate or Union side.

Order *Robert E. Lee: Civil War General* before June 30, 1996 at the special Reserved Copy Price and you'll save $10. Plus, you'll ensure that you are among the very first to receive this historic new release.
